IRIS Release Notes

5.3.2.12 – 09/20/2017

Pre-Arrival		
Description	Type	Ticket
P3 AOR – Place of Marriage Resolved issue where Place of Marriage was not being added to the printable P3 AOR DS-7656 form under certain circumstances.	Bug	169555
Lautenberg AOR – Date/City/Country of Marriage Resolved issue where Date, City and Country of marriage were sometimes not being added to the printable Lautenberg AOR form.	Bug	168903
Lautenberg AOR – Alias Resolved issue where an Alias was occasionally being added to the printable Lautenberg AOR form even though it had been deleted.	Bug	168293
Case Transfer – error Old transferred cases were causing an IRIS error because the "To Agency" was missing. Modified IRIS to show blank "To Agency" rather than to present user with an error.	Bug	168699
Case Transfer Form – links should not be visible to affiliates New links were added to IRIS v.5.3.2.10 which gave RAs more ways to initiate or change a Case Transfer Form. The links were inadvertently also added to the affiliates' version of IRIS. This has been resolved.	Bug	168473

Administrative		
Description	Type	Ticket
Travel – Domestic Leg numbering Although not visible on an IRIS screen, we updated the database to add Domestic Leg numbers to 1) be consistent with how International Legs are stored and 2) to assist IRIS with displaying flights legs in the correct order on the Travel Notices and Travel Information screens.	Enhancement	168132
