Administration

Description	Type	Ticket
PII – Email Notification Changes (Part II) Due to the fact that Alien Numbers are used to build non-refugee case numbers, we needed to remove them from IRIS-generated emails and substitute a link to the case instead.	Enhancement	226083
Data Refresh Stored Procedure Modified the Stored Procedure in the database that is used when we refresh the IRIS Test instances. Now the generic Volag and Affiliate test accounts will not get overwritten if they already exist in Production since those accounts will carry over during the refresh. By generic accounts, we mean the accounts that have the RA acronym followed by "Volag" and "Affiliate." Ex: IRCVolag, IRCAffiliate.	Enhancement	228204
Optimize IRIS Email Process The new process separates the email processing from IRIS web page processing. This allows better logging information,	Enhancement	222597

Administration
