IRIS Release Notes v6.4.2.0

March 30th, 2022

IRIS

Enhancements

Request ID	Subject	Category
309962	**Target Assurance Date Calculation from Allocation Date**	APA
For APA cases, Target Assurance Date will be calculated from Allocation Date on APA cases. Added a variable 'APA_AssuraranceDueDatefromAllocation' in Admin Configuration of IRIS page which can be used to set Target Assurance Date from Allocation Date. JIRA Support Ticket: AP-2822		
307652	**90th Day Calculation from Assurance Date**	Post Arrival
For Walk-In SIV cases, when case is enrolled in "Post Arrival SIV" Special Program, 90th Day for R&P reporting will be calculated from Assurance Date in IRIS. JIRA Support Ticket: AP-2803		
310205	**MG PPR Report Update**	Report
MG PPR 120/180-day report is modified to display 120th and 180th day status of cases enrolled before October 1^{st,} 2021. All cases to MG from October 1st, 2021, will be considered for 180/240-day process therefore will be not included in PPR 120 JIRA Support Ticket: N/A		
308552	**MG Eligibility Date in Case Header**	Matching Grant
Added MG Eligibility Date in IRIS Case Header. JIRA Support Ticket: N/A		

Bug Fixes

Request ID	Subject	Category
