

IRIS Release Notes v6.6.3.0

August 29th, 2022

Enhancements

| Request ID | Subject | Category |
|--|-----------------------------------|----------------|
| 325663 | Cross-Reference Update | Matching Grant |
| Added a column in dbo.REF_CrossReferenceType table called "IsValidForMerge" such that, when IsValidForMerge = 1, CCRT_Code will allow MG Team to merge two or more case members into a single MG Case. | | |
| 324455 | RPC Biodata Upload Process Update | Pre-Arrival |
| Added functionality in IRIS such that, whenever an individual is removed from case in updated biodata; RAs will be given option to remove individuals which do not receive R&P services. | | |
| 325329 | PreCase Submit Date | Reports |
| Added field called "SentToRA" in IRIS_AOR Custom Report table to indicate Date at which PreCase Status changed from Open to Pending for reporting purpose. | | |
| 323197 | Free Case Placement Report Update | Reports |
| Updated Free Case Placement standard report to include to include cases where PoolType_Code is 'SIV_NOUSTIES'. | | |

Bug Fixes

| Request ID | Subject | Category |
|---|----------------------|----------------|
| 325662 | Missing MG Help Text | Matching Grant |
| Fixed an issue where MG Help Text on MG Case page in IRIS was missing for few case types. This help text displays Eligibility Date used for calculation of 180 th and 240 th day. | | |
