We added the U.S. Immigration Status field to IRIS_AOR table to be utilized in custom reports.		

Bug Fixes

Request ID	Subject	Category
334884	**Affiliate Maintenance Issues**	**Administration**
Corrected an issue in the page code that corrected an issue when attempting to save information under Affiliate Resettlement Environment.		
334524	**Payment Receipt Not Displaying Credit Card Information**	**Administration**
Corrected an issue where Affiliate would go to print the Payment Receipt with the newly added Credit Card type and it would not display a check number instead of credit card information.		
335596	**180/240 Day Standard Report Individuals**	**Reports**
Corrected an issue in 180/240 Day standard reports in section A that was calculating the sum of individuals correctly.		
336661	**180/240 Day Standard Report Export**	**Reports**
Corrected an issue in 180/240 Day standard reports where the export was excluding any APA case from the export file.
