IRIS Release Notes v6.7.4

February 27, 2023

Enhancements

Request ID	Subject	Category
335747	**Document Export Functionality**	**Administration**
Added a new feature that allows a user to download bulk CSV containing IRIS information by factor of export date range.		
338055	**Loan Consent**	**Administration**
Added a new feature that adds a dashboard and notifications for individuals that are enrolled in Loan contents.		

Bug Fixes

Request ID	Subject	Category
337926	**Pre-Case Transfer Error**	**Pre-Case**
Corrected an issue where the Quote Characters weren't being parsed correctly causing an error when attempting to transfer a pre-case.		
338425	**Case Worker List Not Correct**	**Administration**
Corrected an issue where if a User had access to a Main Office and Sub Offices, that was modified in version 6.7.3 further amended the logic in a different code path causing some users to not display.		
338249	**SIV Field Modification**	**Reports**
Modified logic for custom reporting to include additional cases with Priority_Code of NA.
