

IRIS Release Notes v.6.8.15

July 12th, 2024

Enhancements

Request ID	Subject	Category
385540	Pre-Arrival Task Management for VR&P Requirements	Pre-Arrival
A new feature has been added to VR&P Pre-Arrival task management in IRIS, enabling RAs and affiliates to add and manage tasks based on VR&P Pre-Arrival requirements allowing user to efficiently track and update these tasks.		
384862	Production started for PEX cards	Post-Arrival
PEX cards production		
385633	R&P - Pre-Arrival Task functionality	Pre-Arrival
Added R&P program to Pre-Arrival Task functionality.		
384636	Transfer Form Verbiage Update	Pre-Arrival
Transfer form verbiage update earlier required by RPC but was then cancelled.		
384640	Update Biodata Import Process	Pre-Case
Updated Biodata Import Process based on RPC modification of VR&P cases within the Allocation Biodata files. New Case Pool types has been added: 'Virtual U.S. Ties' & 'Virtual SIV U.S. Ties'.		
384664	Placement City and State Accessible for Custom Reporting	Reporting
Updated database view giving users ability to access Placement City and State from the Assurance page for custom reporting.		

Bug Fixes

Request ID	Subject	Category
384984	Due Date setting for Pre-Arrival tasks	Pre-Arrival

Fixed an issue where setting the due date with '0' for “Arrival Date + _____ Calendar/Business days” did not display correctly on the Program service page.		
385633	Task Auto-Generation and Type Selection	Pre-Arrival/Post-Arrival
<p>Fixed: Post-Arrival Tasks now automatically generate based on the Program once the case arrival date is updated.</p> <p>Fixed: Pre-Arrival Tasks for the VR&P program now automatically generate during biodata import based on the Allocation Date.</p>		
384169	Case Transfer Form Process Issue	Pre-Arrival
Fixed issues in the Case Transfer process, ensuring creation of Case Notes with PDFs, email notifications to the RPC team, and availability of the SSRS report.		
384388	Assurance Form Missing US Tie Information Issue	Pre-Arrival
Fixed issue reported by RA related to print Assurance form functionality. The generated PDF did not contain the US Tie information.		
385417	Test site issue	Administration
Fixed a bug causing error in loading test sites for CWS, HIAS, EMM and BCS.		
385184 & 385519	Database Issue	Miscellaneous
Fixed other miscellaneous bugs related to database.
