IRIS Release Notes v6.8.2.0

October 27th, 2023

IRIS

Enhancements

Request ID	Subject	Category
361881	**Cultural Orientation Standard Report Update**	**Reports**
Updated Cultural Orientation Standard Report in IRIS to include Outmigration details and adjust Total CO required numbers accordingly.		
360183	**Medical Cases**	**Pre-Arrival**
Added medical checkbox on refugee case information page which can be utilized by RAs to manually identify medically assisted cases.		
362589	**User Activity Log**	**Administration**
Added user activity log table on IRIS database to create an entry every time a user logs into IRIS.		
360926	**eIRIS API Update**	**Administration**
Updated error handling condition in eIRIS API in case RA system can't import a case due to duplicate individual. Additionally, updated Export_NewCase database view.
