## Bug Fixes

| Request ID | Issue Detail | Action Taken | Category |
|---|---|---|---|
| 390744 | IRIS Email Notifications Failure | Fixed an issue which lead to service incident caused by inability of IRIS to send automatic notifications to IRIS users on case updates. | Administrator |
| 390687 | IRIS Test Site Errors | Fixed an issue users were unable to access IRIS Test Site. | Administrator |
| 389548 | CWS Placement Error | Fixed an issue reported by CWS team where they were unable to place cases in IRIS. Issue was resolved by restarting CWS site. | Pre-Arrival |
| 388055 | Assurance Export Error | Fixed an issue with Assurance Export where Assurance Export Case was missing Case information while Member file had related member information. | Pre-Arrival |
| 390000 | Email Delivery Failure | Fixed an issue where IRIS DoNotReply mailbox was unable to deliver emails due to SPAM reports from users. Issue was resolved after DoNotReply mailbox was whitelisted. | Administrator |
| 389287 | Email Delays | Fixed an issue where IRIS users have to wait too long for email notifications to receive from IRIS. Issue was resolved by putting multiple users into BCC of emails rather than sending one-to-one emails to each user. | Administrator |
| 389225 | IRIS Custom Fields Not Working | Fixed an issue where users were unable to save values in Custom Fields. | Administrator |
| 386579 | Issue in assurance process | Fixed an issue where users were able to submit assurances with missing placement and city information. Issue is resolved by | Pre-Arrival |

| | | making assurance information as required at the time of making changes on Assurance page. | |
|---|---|---|---|
| 389379 | Case Placement Tab Errors when IRISCaseToOrg Record marked Deleted | Fixed an issue where Placement page was having issue in IRIS where IRIS Support team revoked an existing placement on case. | Administrator |
| 389365 | Standard Report is not responsive | Fixed an issue which caused Standard Reports being not responsive. Issue was resolved by updating SSL certificates for IRIS SSRS Report server. | Administrator |
